About the Course:-Rigorous, interdisciplinary, discipline-based research is the hallmark of this Post graduate-level Program at MNLU Mumbai. The program is committed to educating research scholars who intend to carry out productive research in the area of Constitutional, Corporate, Civil, Criminal, and Human Rights laws, etc. that characterize increasingly challenging problems across national and international domains.

We, at MNLU Mumbai, believe in the importance of diversity in our department and the research fields we work in. We aim to create and foster a collaborative environment within the department where everyone feels welcomed. We encourage applicants of all backgrounds and ages to apply, particularly women, disabled, BAME, and LGBTQIA+ candidates. MNLU Mumbai is committed to equality, diversity, and inclusion.

Keeping in view the above, this year's Research Methodology Workshop is being organized with the aim of conducting theoretical as well as activity-based learning. It is being organized in consonance with UGC Guidelines.

[Payment Link](#)

## Participation

- Ph.D. students and researchers looking to master SPSS skills and publish in high-impact/peer-reviewed journals.
- Faculties from Universities and Colleges.
- Professionals looking for a career in analytics in the corporate sector, looking to master SPSS and advance their data analysis skills.

The intake of participants will be up to 50 participants, which includes a maximum of 40 participants from India and 10 participants from Asia & other regions. Each participant is expected to bring a personal computer to the workshop.

A certificate would be given to the participants upon successful completion of program.

## Registration:

Prospective participants should fill out the registration form and share the receipt of the payment on [academicevents@mnlumumbai.edu.in](mailto:academicevents@mnlumumbai.edu.in) This should reach us on or before 1st June 2023.

The confirmation of participation will be communicated by 3rd June 2023 to all the confirmed participants.

Time of the Workshop: 10 am to 5 pm

For any queries, please write to us at [academicevents@mnlumumbai.edu.in](mailto:academicevents@mnlumumbai.edu.in) or contact our student coordinator Matil Mittal ([+917889063523](tel:+917889063523)).

## Duration

In view of the types of inputs to be covered in this workshop, the duration of ten days would be sufficient.

## Note-

- Workshop Mode is Hybrid (Offline and Online) for all Participants.
- Lunch/ high tea shall be provided to all participants.
- No accommodation shall be provided.
- No TA/DA shall be provided

## Participation Fee:-

1. Asian/other foreign delegates 200 USD
2. Indian delegates Rs. 3000/-

The proposed training interaction is geared to achieve the following objectives:

1. To provide training on the use of SPSS in research and data analysis.
2. To cover tests including three different t-tests, two ANOVAs, post hoc tests, chi-square tests (great for A/B testing), correlation, and regression.
3. To assist participants in defining the research problem, creating a solution to the problem, and selecting an appropriate research design.
4. To impart competencies for hypothesis creation and testing.
5. To determine the suitability of the statistical software package [SPSS] for the analysis of research data.
6. To help participants understand how to write reports and research proposals.
7. To make participants self-reliant for data analysis using SPSS.
8. To help them understand the significance of publishing a quality research paper in SCOPUS, CARE List, and high-impact factor journals.
9. To determine the suitability of SPSS for the analysis of the research data.
10. To understand Qualitative and Quantitative Research Methodology.

#### Focal Themes:

- Research Methodology- Assessing the needs in socio-legal spheres
- Developing Research Proposals: Concepts and Skills
- Methodological Innovations in doctrinal and non-doctrinal Legal Research
- Legal Impact analysis
- Evaluation studies in legal spheres
- Case Analysis Method
- Content Analysis for Legal Research
- Quantitative and Qualitative Applications in -Legal research
- Software in legal research practice.
- Developing data analysis plan for computerization
- Use of parametric and non-parametric Statistics in data analysis
- Use of graphics and diagrams in data analysis.
- Basic skill for searching socio-legal information
- Presentations of assignments on Research proposals prepared by the participants.
- Report Writing

# TOPICS TO BE COVERED

1. Introduction and Inaugural Session
2. Introduction to Research Methodology
3. Quantitative Research Methodology
4. Quantitative Data Collection & Analysis
5. Literature Review
6. Methods used in Doctrinal and Empirical Legal Research
7. Report Writing
8. Writing Synopsis for Doctrinal/Non-Doctrinal Research
9. Feminist Legal Research Methodology
10. Theory and Empirical Reference
11. Social Network and Analysis of of Socio Legal Research
12. Statistical Techniques
13. Usage of Quantitative research software : SPSS
14. Application of SPSS software
